Honolulu, HI 96828

Work Number: (808) 845-5716

E-mail: tatai2003congress@msn.com

Web Page:

Aloha,

A Warrior for Justice, but most of all a Peacemaker. My job may best be described as an "Independent Conflict Resolution Consultant". I have the answers to our hard to solve problems in America such as "racism" others cannot find. Speak Six languages, and applying for the job to share my talents with you for a better America. I've run for this seat once before in '92 elections, and have never served Office.

As a non-attorney, I have challenged cases even at the United States Supreme Court; dealing with issues effecting the mainstream America.

As a naturalized American citizen of Kurdish Descend, I came to Hawaii to get my degrees 26 years ago, and in those years, I've felt; that someday this Kurdish American will help bring Peace and stability to the world, and quickly learned; that the stability to "the world" will not be possible without stability in "America".

After graduating from UH in 86, turned down a job offer in California to stay, confront, tackle & try to resolve the major problems my Hawaii community I practically grew up with faced, and have since sacrificed nearly two decades in trying to win Office to help us on a macro level, while constantly intertwined my talents with "grass-roots Hawaii".

Finally, never served Office, I need volunteers to work on my campaign, and supporters to send their campaign contributions written to: "Friends of Steve Tatai" at the above address. MAHALO (Thank you very much).
